

How to Change Course Banner or Remove Course Banner

One of the new D2L features in the Daylight interface is the course banner. The banner can be customized by selecting an image from the D2L Library, or by uploading an image from your personal files.

Note: the maximum size for the course image banner is 1230 x 200 pixels and image files must be smaller than 2400 x 960. Larger images and images with different aspect ratios are automatically resized appropriately. See below for an example of how the same banner image displays in thumbnail format (left) and in banner format (right).

All standard image file types are supported. We recommend course images be 2400 x 960 pixels and that they don't contain text. This ensures they can be resized to look great in different contexts and on different devices.

Homepage Banner

Display the image in a banner on the course homepage

Do not modify any other information on the page. After uploading your image, scroll to the bottom of the page and save.

Note: to return to stock photos, please follow the steps to Modify Course Banner

Remove Course Banner

Remove the banner from the course as follows:
