These instructions show how to upload different file types on Yuja. Options include video, audio and document files as well as linking YouTube and Vimeo files.

1. Navigate to **Tools** on your D2L course home page and click on **Yuja**

If you do not find YuJa on your course home page, follow the instructions here to add YuJa to your course home page Adding YuJa to D2L Nav Bar
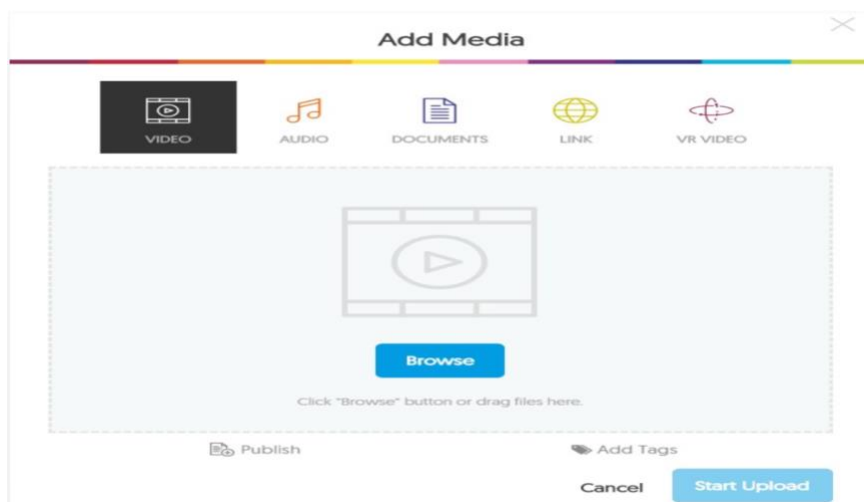

2. In the Yuja home page, click on **upload**

3. Select the desired file type
   Browse to choose one or more files or drag and drop the desired file into the upload window
   Click **Start Upload** to begin uploading your file on Yuja

A progress bar tracks the upload. The file will be available under **My Media** tab once the upload is complete. Depending on the size of the file, processing of the file might take a while.
